Axis HealthCare Assist $2500

Product
$28.29 per Month for Member
$59.75 per Month for Member + 1 Dependent
$85.25 per Month for Family

HealthCare Assist helps cover high-deductible and out-of-pocket expenses.

HealthCare Assist is a fixed indemnity, limited-benefit medical plan option that provides immediate, first-dollar coverage to help pay for the "gap in coverage" caused by the deductibles, co-pays and coinsurance of your high-deductible health insurance plan.

HealthCare Assist is not designed to cover major, catastrophic medical expenses.

The plan provides fixed indemnity payments to help with the cost of your out-of-pocket medical expenses—expenses related to covered accidents, hospital confinements, critical illnesses, and accidental death and dismemberment.

If you are enrolled in a high-deductible health insurance plan, HealthCare Assist can help to enhance your existing healthcare coverage. Benefits can be paid directly to you to be used for the portion of your medical expenses that would normally have to be paid out of your own pocket.

Rates and Payment Info

- Monthly recurring premium rates are as indicated above.
- Coverage for enrollment between the 1st - 15th is effective on the first of the following month. Enrollment between the 16th - month end, is effective on the first of the next month.
  (I.E. enrollment on January 1 - 15th, is effective on February 1. Enrollment on January 16-31st, is effective on March 1)
- Enrollment in this product requires membership in DSWA.

- Your first payment will be collected from your credit/debit card upon enrollment.
- Future payments will be collected on the 15th of each month thereafter, after your effective date.
- The above rates do not apply to individual major medical.
